

# Introducing *Young Skeptics!*

## *Fun, Free After-School Class!*

Dear Parent or Guardian,

An exciting new afterschool club has landed at our school! *Young Skeptics* is an educational club dedicated to helping our kids find answers themselves through critical thinking and problem solving. There is no charge to join the group and all ages are welcome to attend!

Young Skeptics is dedicated to teaching kids *how* to think rather than *what* to think. This club promotes the critical thinking and problem-solving skills that are essential for success in the world around us. Your children will also learn about the natural world by participating in scientific experiments and other problem solving activities, and of course, have lots of fun doing it!

**Young Skeptics will meet right after school from 2:40 to 3:50 pm on the following Thursdays: February 16, March 16, April 13, May 11, and June 1. Meetings will be in Room #25.** To enroll your child in Young Skeptics, please have him/her bring this form to the club in room #25. Your child must have a signed permission slip to begin attending the club.

Young Skeptics is led by current and former educators, engineers, and scientists in our community who want to share their love of science and critical thinking with children. Young Skeptics is sponsored by Atheists United SLO. For more information contact Paul Rinzler at [info@auslo.org](mailto:info@auslo.org). We invite you to view the Young Skeptics curriculum at [www.youngskeptics.net/what-we-teach.html](http://www.youngskeptics.net/what-we-teach.html).

This class is not endorsed by, sponsored by, nor is a function of Harloe Elementary School or Lucia Mar Unified School District.
